

# Discovering God's World

## October 2017

Mrs. Holtorf & Mrs. Hareldson

### Discoveries

*"In the beginning, God created the heavens and the earth"*

~Genesis 1:1

God has given us the great gift of a curious mind to explore and enjoy the world in which we live.

This month we will learn about some of the tools scientist use. We will apply all we've learned about our 5 senses and science tools to the exploration of apples. We will then spend the rest of the month learning about God's amazing birds.

MONTHLY THEME: Science tools\ Birds

- Week 1: Scientist tools
- Week 2: Apple Exploration
- Week 3: Kinds of Birds
- Week 4: Parts of Birds
- Week 5: Nests\Eggs

### In September....

- We learned about sight and how our pupils adjust to allow just the right amount of light in.
- The children got to do their names in Braille.
- We learned that our senses send messages to our brain.
- The children voted on their favorite texture
  - \*soft got the most votes.
- We learned that sound is made by vibrations.

### Announcements

**Mom & Me:** October 16th, 6:00-7:30
