

Discovering God's World

November 2017

Mrs. Holtorf & Mrs. Hareldson

Discoveries

"In the beginning, God created the heavens and the earth"

~Genesis 1:1

God has given us the great gift of a curious mind to explore and enjoy the world in which we live.

This month we will explore the ocean and some amazing creatures that live there. We will discover that the ocean has different layers and environments and that life is designed uniquely for conditions found there.

MONTHLY THEME: Oceans

Week 1: Who lives here? (oceans layers)

Week 2: Buoyancy, Fish, Sharks

Week 3: Waves, Shells

Week 4: Octopus, Ocean food chain

Announcements

No School: Friday November 10th
November 22-24 (Thanksgiving)
December 25-January 2
Christmas Program: December 4

2018-2019 Registration: Opens on Dec. 8

Reminder: We go outside daily (weather permitting). With the weather turning colder, please have your child dressed for outside when dropping off, as we go out right away in the morning. Please label your child's outerwear.

In October.....

- The children were very serious scientists in our dramatic play area, discovering new medicines for the future.
- We learned about some tools that scientists use to learn about the world.
- We learned magnify means to make something look bigger.
- We saw God's design and creativity in the birds he made. From the wide array of colors, to the special design of each bird's beak for its purpose.
- The children saw how feathers can "zip & unzip"

Bible Devotions

- Week 1: How Deep is the Deep? God knows our deepest thoughts.
- Week 2: Sink Your (shark)Teeth Into This- God cares for his creation.
- Week 3: Rocking the Waves- we can trust God
- Week 4: A Mind to See - God created us with a mind to think.
