

CCC Mental Health Ministry  
Peer to Peer Support Group Disclaimer (P2PSG)

It is very important (before you begin or continue) in the Peer to Peer Support Group process, that you understand the CCC policy and philosophy toward biblical support in our Mental Health Care Ministry. We would like you to please read and sign this document. If you have any questions, please feel free to ask.

- 1) As volunteer and CCC staff leaders, we have been trained to lead groups through the Living Grace Mental Health materials. We are NOT licensed or professional counselors. We are leaders who will use the Bible, prayer, professional materials, and generally accepted spiritual principles to apply and help our lives. Because this is NOT licensed counseling, we will not be liable for what may be understood and professional malpractice.
- 2) There are no financial fees for P2P Support at CCC. However, it will cost you time, honesty, and hard work. There may be some financial costs for required books or materials, but we will not let the lack of funds become a barrier to anyone wanting to be part of the Mental Health P2P process.
- 3) It is not our practice or purpose to support individuals or couples over an extended period of time. We offer 16 sessions for each 'phase' of the Living / Family Grace & THRIVE process. Anyone may repeat any part of this process if they so choose. We will encourage friendships and connections between group members – with the hope of developing long term support networks. If needed, you may be referred to a licensed professional counselor.
- 4) State of Minnesota mandatory reporting procedures will be followed in deemed necessary.

I have read and understand the Christ Community Church Peer 2 Peer Support Group Disclaimer.
